

CALIFORNIA'S FIRST PREMIUM WINERY
SINCE 1857

Buena Vista Winery

Buena Vista Winery

Chateau Buena Vista Chardonnay 2018

USA > California > Los Carneros

100% Chardonnay

Tropical aromas spring from the glass with a note of lemon custard pie. Mango and pineapple flavors are layered with baked peaches and creamy vanilla that spreads across the palate. This Chardonnay has bright acidity, a good richness and a long finish.

About us

Before there was a California wine industry at all, there was Buena Vista. Founded in 1857, it is California's first premium winery, boasting a history as colorful as it is proud. Founder "Count" Agoston Haraszthy brought vitis vinifera to California and established the original stone winery that remains Buena Vista's heart. Today, one of California's firsts is one of California's finest wineries, specializing in cool-climate wines from Carneros and Sonoma.
