St. Amant Winery

## St. Amant Winery Old Vine Zinfandel "Mohr-Fry Ranch" 2018

USA > California > Lodi  
100% Zinfandel

A big ripe chewy Zinfandel made in a style to highlight the rich raspberry and spicy blackberry fruit character of these old Lodi Zinfandel Vineyards. To many of our customers this wine is simply known as "Mohr-Fry." To others, it's just the St. Amant Old Vine, and honestly we don't care what people call it as long as they keep drinking it. Regardless, the 2018 is our 23rd vintage of our Mohr-Fry Ranch Old Vine Zinfandel – a wine that has come to define us, and to a great extent help define Lodi.

### About us

Our winemaking goals are simple. We strive to make the best quality wines possible that truly represent the place and the people from which they came. We think all our wines should be a direct reflection of their vineyard and the season in which they were grown. We also believe that it's impossible to separate the people from the place. There are a thousand little decisions that go into crafting each wine, and we aim to keep our winery small enough so that we can make all those decisions; and by doing so, year after year, we develop a consistent style that transcends all our wines.

Alc.: 15.80 %
