Finca Collado

Finca Collado Fet a Mà 2017

Spain > Valencian Community > DO Alicante

Dry, Red, Still wine

80% Cabernet Sauvignon, 20% Monastrell

High intensity color, without reaching saturation. The nose is very intense and complex, with very well combined aromas of fruits, balsamic notes, liquorice and coffee. In the mouth, it has a good entry, silky, and a tasty entry on the palate, with a little very ripe tannin. At the end, a slight acidity and a balsamic aftertaste provide to the wine an essential balance.

About us

Finca Collado is a family-run winery located in Salinas (literally “salt mine”), in Alicante. This special and uncommon location of the vineyards, also placed in altitude, brings to the wines a unique minerality and personality. Old vines and a young team result in quality handcrafted wines that express its terroir with elegance, running away from rusticity, having a story to tell. Eco-certified in progress. Finca Collado focuses in rescuing vineyards and indigenous grapes varieties like Monastrell, Garnacha, Moscatel, Merseguera, Bobal, Malvasia or Forcallat.
