

Vallepiciola

## Chianti Classico Vallepiciola 2019

Italy > Tuscany > Chianti Classico

Dry, Red, Still wine

100% Sangiovese

Light ruby red color, ripe cherry and vanilla notes, smooth and velvety tannins with a good persistence

### About us

Vallepiciola is located in Pievasciata, Castelnuovo Berardenga. The estate covers 265 hectares, of which 105 are vineyards, and includes traditional Sangiovese as well as international varieties, among which the unusual Pinot Noir stands out. The vineyards, distributed by the hills on the left of the Arbia river, are carefully selected according to the soil composition. The modern cellar is characterized by the process of natural fall of the grapes, and consists of 2 underground floors meant for production, and one above ground where administrative, commercial and reception functions are carried out.

### Vinification

Alcoholic fermentation in small steel tanks under controlled temperature, maceration in steel for 10 days approximately; malolactic fermentation in oak barrels
