About us

3Ases is a winery in the heart of the Ribera de Duero region that's committed to quality, hard work and passion. Our limited production means that all processes are controlled down to the very last detail from the vineyard to the bottle, harvesting the grapes by hand which are transported in boxes and then fermented under controlled conditions using only local yeasts, ensuring the wines are truly expressive of their region. This is the project of 3friends, 3partners and 3Ases who, have been dedicated to this enterprise: "a small but great company" in one of Spain's most famous wine region....
